Delivered by carrier at 50 cents per month.

LOCAL AND OTHERWISE.

Every miner should have Trib.

The ball last evening was somewhat of a failure.

The games are running at full blast in the resorts the present week.

Louis and Fritz Franks were arrivals on the first of the week.

Geo. Williams of Bullionville is spending the week in town.

Yes, I think I'll take it. What? Why the ball Friday evening.

Dave Wertheimer, the DeLamar mercantile is in attendance on court.

A ball to-morrow evening by the local string band. Everybody come!

W. Bassett one of DeLamar's liquid dispensers, is doing penance as a juror.

All sections of the county has been well represented during this setting of court.

Dan Mandich is in town, having been subpoenaed a trial juror for this term of court.

Gene Goodrich, editor of the Lode, was up taken items during court week.

Dr. Mayo was up from DeLamar on business connected with a civil suit he is a party to.

Trib is clean, its order pleasant; mild, yet powerful; fulfill all promises. As a finalment Trib is supreme.

Mrs. N. P. Dooley left for DeLamar Monday, called there by the sickness of her sister.

Hon. Judge Rives came in on the overdue stage Monday morning, arriving about twenty hours behind time.

Good for man, good for horse, Trib penetrates and cures bruises, sprains and swellings. Trib does not blister.

The jingle of sleigh bells is heard daily on our streets, and those that have the privilege of enjoying it have made most of it.

W. J. Dooley, came up on Monday last in the interest of the water suit which the April Fool Co. is interested in.

Mr. Hartman, of the California Wine Co., is putting a few days in town. He is a witness in the Latimer forgery case.

Tom Edwards went home to DeLamar last Friday morning and returned Tuesday evening for the suit of Edwards vs Mayo.

There is considerable sport going on during the term of court. If anyone is looking for a game they are generally accommodated.

Ben Rice has been in town for several days on business connected with a rather large mining deal at State Line, which is about to be consummated.

Dont fail to go and have a good time at the hop to-morrow night at Thompson's hall. Supper will be served at Dick's. Ticket for the ball \$1.

A slight blaze was discovered in the Nevada hotel yesterday about 2 o'clock, caused from a stove pipe which had got out of place between two rooms. The damage was slight.

A couple of four-horse stages and several singles ones were brought into requisition to accommodate the jurors and visitors to the county seat from DeLamar the fore part of the week.

The news that a female member of the aristocratic Astors has been discovered working as a chamber-maid is calculated to create the impression in the public mind that the family has not entirely lost its ancient respectability.

Judge Cheney who was telegraph for to try the big water case now pending here, left Reno this morning and is expected here Sunday. Both parties to the suit will spare no expense to have it decided in a legitimate way in their favor.

A small sized church row is now on between the faction of the Episcopal church here and at DeLamar. Dr. Bell has given orders to have the church pulled down and taken to DeLamar, which is not approved of by the Pioche member who were the principal donors towards building it, and will do all in their power to prevent it.

Silver State—Judge Bigelow has left the State for good after sixteen years of continual office holding. His parting words, that he "regrets the necessity which compels him to leave the State after making it his home for so many years," would naturally lead to the conclusion that he would willingly have died in the State could he have done so in an official capacity.

Notice.

During my absence in Carano A. S. Thompson will act as my authorized agent, and transact all business.

J. A. DESTON

Osborne Secretary of the Senate.

A dispatch from Carson late Wednesday evening gave us the news that T. J. Osborne, Pioche's leading lawyer and editor of the Record, had been appointed Secretary of the Senate, and in the caucus Hon. John P. Jones was chosen U. S. Senator, receiving thirty-five votes, while Nixon could only muster three. Lincoln county is well and ably represented in the State Legislature, and the appointment of T. J. Osborne is a deserving one for this county it being the fourth county of the State. With the Hon. J. A. Denton to look after our interests in the Senate and as head push, with Assemblyman Whitney in the House, and the bright young lawyer, Mr. Osborne, who will be a great help in making of bills to be introduced for the benefit of our county, we should to receive considerable legislative benefit at this session, and no doubt we will if it is in the power of those three able men.

Government Building for Reno.

Bills have been reported favorably by the House Committee on Public Buildings and grounds, for the erection of Federal buildings at various places in the west including Salt Lake, Butte and Reno, and it was recommended that an appropriation of \$50,000 be set aside for the building at Reno. It is considered that the recommendation of the committee next to insure the passage of the bill. Congressman Newlands has labored earnestly for this object, and it is now more than probable that a public building in Reno will be an assured fact. It is true that the bill has not passed as yet, but a public building for Reno in which the postoffice, Surveyor-General's office, United States District Attorney, and Marshall's office could be located, has been a project that has been favored by our people for some time, and it is now believed that the hope that has been so general will soon be realized.

An Old Timer Gone.

Edwardo Canyon, Nev. Jan. 12, 1897. Another old-timer gone. Edward L. Burke died at this place today at 4 p. m. Mr. Burke and his brother Dick were the discoverers of the Burke mine at Pioche in 1869, and sold it to W. H. Raymond for a large amount, and both brothers went to Salt Lake early in 1870. Dick died in Mexico some years ago, and Ed has been in this vicinity and in Arizona for some time. Mr. Burke has had a varied life, and at times has been well fixed, but of late years luck has been against him, and at the time of his death he had nothing. His mother is still alive and lives in Illinois. He is about 50 years old. Pneumonia caused his death.

Mrs. Hartley at Liberty.

Mrs. Alice M. Hartley, sentenced to ten years in State Prison for killing M. D. Foley, was paroled yesterday, Justice Belknap and Attorney General Judge voting in the negative, and Governor Sailer, Justice Bonfield and Justice Massey voting in the affirmative. There were petitions for pardon and remonstrances against pardon from citizens of Reno and other parts of Washoe county presented to the board. Among the petitions for pardon were the foreman and other members of the jury which tried her. Warden Henderson of the State Prison testified as to her good behavior while in that institution, and James F. Dennis made an eloquent plea in her behalf. Her child, now about two years old, has been with her at the prison, and had she not been pardoned would probably be sent to the Orphan's Home. Rumor has it that she will leave the State when the question regarding the right of her child to a portion of the Foley estate is determined by the court.

Mistaken.

The Salt Lake Tribune is in error in regards as to the party affiliations of Senator Denton and Assemblyman Whitney by whom they were elected. It says they were elected on a Silver party fusion ticket. Instead of a Silver party fusion ticket, it was a fusion between the Democrats and Populists, or, in fact, a Democratic party, as that party had swallowed the Populists almost entire even before the convention was held. The following is from the Tribune: State Senator J. A. Denton, and Assemblyman Whitney of Lincoln county, Nev., were in the city last evening, en route to Carson, Nev., to attend the State Legislature, which meets on Monday next. Both gentlemen are old-time Democrats, but were elected on a Silver party fusion ticket. They will both support Senator John P. Jones for re-election to the United States Senate, and believe him to be a winner, although they admit that there are other strong candidates in the field.

Notice.

During my absence, Mr. H. E. Freudenthal will act as my agent.

T. J. OSBORNE.

Coasting parties was the event of the week. The track from the summit down to the lower end of town has been in better condition for coasting than for several seasons. The small boy and his sled have enjoyed it hugely, and there has been a number of coasting parties among the elite of the town. Make the most of it while it remains for it will soon disappear.

The storm last week was the most general and deepest in this section of the country for some time past. Mails arriving from one to two days late, and express matter from three to four days late. At Milford it was rather light compared with what it was west of there, snowing several inches and some sleet. About twelve or fourteen miles this side it had increased in depth to three feet on the Summit, mail having to be carried on horse back across it and passengers and express held over. Judge Rives reported a great number of freight teams practically held up as the snow and soft ground underneath made it almost impossible to make headway, and were doubling up their teams, making a few miles a day. It is hard on the freighters as they will lose instead of making anything on the trip.

The Judge was three night on the road starting Friday and arriving here at 3 o'clock Sunday.

Wanted—An Idea

Who can think of some simple thing to patent?

Write JOHN W. WILKINSON & CO., Patent Attorneys, Washington, D. C. for their \$1.00 price offer and list of two hundred inventions wanted.

Awarded Highest Honors—World's Fair.

DR. PRICE'S CREAM BAKING POWDER MOST PERFECT MADE. A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 Years the Standard.

FROM DeLAMAR.

Snow, snow, snow.

Ex-Gov. Adams has been in town for a few days attending to his supplying DeLamar with beef.

From indications wedding bells ring before long. Boys don't try to keep those things quite they will get out.

A liberal reward is offered for the return of a valuable gold watch lost in town. Return to the Lode office and be rewarded.

The big three, Bosko, Hartman and Kahn have been doing the town the last few days, they left for the north on the 17th.

DeLamar has missed a number of our citizens who have been called to do duty at the setting of the District Court at Pioche.

Mr. Goodwin representing the Salt Lake Tribune has been in town for a few days attending to the interest of that popular daily.

To the wife of Jack McDonough, on the 17th inst, a girl was born, and they say it will be called Omega, good, the next will be Alpha.

Reports are that miners of the DeLamar mine voted for selection of doctors a few days ago each of our three physicians received a portion. Dr. Hager getting a slight majority.

Coasting has been the rage the past few days; every conceivable device for a sled was brought into play, and the youngsters have had a great time. The snow has about gone on our streets.

Snow in the hills is deep; at the saw mills about two feet, and at Culverwell's logging camp it fell to a depth of three feet or more. Mr. Roeder made the trip on foot, and the snow being soft he was wet to his armpits.

DeLamar has been treated to the biggest snow storm it has had since the settlement of the camp. It was estimated that a foot fell during the storm, but the severe wind caused it to drift in several places to a greater depth.

On the 20th inst DeLamar will be treated to a first class boxing match between Mahor of DeLamar and Robbins of Utah in Vietta's Hall, much interest is taken in the bout as both men have good records, a side bet of \$40, and the entire gate receipts to go to winner. Many bets on the result are being made.

A sound that resembled civilization greeted our ears on Monday morning when the first school bell rang to summons the children to our new school house. The trustees have been indefatigable in their endeavors to obtain competent teachers. Prof. Stone from the far East, has been engaged as principal of the Grammar department, and Mrs. Kelly as teacher of the Primary department. Prof. Stone comes with the highest recommendations, and is determined to place the school on a firm and orderly basis. We heartily wish the school success.

The Magnolia Mine.

Your correspondent according to promise paid a visit to the pioneer producer of Ferrocene District, the Magnolia mine, situated at Helene. This mine has been boomed of late in local circles, and to determine the truth of these reports a visit was made on the 18 inst. This mine that produced large quantities of high grade ore in the early days of the District has again come to the front, and from its showing will be an equal of the famous DeLamar mine.

Supt. C. Garrett extended every courtesy. The mine was visited in every part, and the result of the investigations are as follows:

The reorganized company consists of T. R. Jones, Salt Lake's popular banker, John Vietti, John Purtscher of DeLamar, Joseph Eisenmann of Pioche, these are the lucky owners.

The following statement was furnished by Supt. C. Garrett. The new tunnel to tap the old works was run on contract a distance of 850 feet to obtain air and connect with the old workings, a raise was made of twenty-eight feet after the ledge was encountered.

From the striking of the ledge in the new tunnel they have driven ahead fifty feet all in good ore and have not yet encountered the other wall.

The grade of the ore speaks for itself from the Company's books. Viz. They have at present 350 sacks of first-class ore that assays 250 dollars in gold, and 130 ounces in silver, and 50 tons of second-class ore that assays 50 ounces in silver and 75 dollars in gold. As yet no stoping has been done, the intention of the company is to block out the

OVERALLS AND SPRING BOTTOM PANTS.

EVERY GARMENT GUARANTEED.

EMPLOY OVER 350 GIRLS.

ore bodies and ascertain the full extent of the find.

Specimens can be obtained that will assay in the thousands but the average is as stated. At present a force of 12 men including the superintendent are employed.

A contract has been let to run a drift 200 feet to encounter a ledge that crops out on the surface. 30 feet wide, that lies direct east of the old works, should it prove at depth what it shows on the surface, it will be one of the greatest mines in Nevada.

Great credit is due to Mr. C. Garrett the superintendent, whose knowledge of the ore, having assayed it from the grass roots down during the old management, makes him thoroughly competent, having had large experience in mill and mining work. he is the right man in the right place. Everybody is hoping it will prove another DeLamar mine.

Notice to Creditors

IN THE MATTER OF THE ESTATE OF B. W. ZACHOW, deceased.

Notice is hereby given by the undersigned, administrator with the will annexed, of the estate of B. W. Zachow, deceased, to the creditors of, and to all persons having claims against said deceased, to exhibit said claims with the necessary vouchers, within three months after the first publication of this notice, to the said administrator, at his office at the town of Pioche, in said county of Lincoln.

Dated, Pioche, Nev., January 21st, 1897.

J. O. DEARBORN, Administrator of said estate.

REDEMPTION FUND.

THE HOLDERS OF CERTIFICATES OF INDEMNITY against the General Fund of Lincoln County, Nevada, accrued prior to the first of April, 1875.

Notice is now given that there is now the sum of \$1,000 in the redemption fund, applicable to the payment of such certificates, and that sealed proposals for the surrender of the same will be received at my office up to the 25th day of January, A. D. 1897, in accordance with the provisions of an Act of the Legislature of the State of Nevada, approved March 4th, 1875.

N. P. DOOLEY, County Treasurer.

Dated, Pioche, Nevada, January 14, 1897.

NOTICE For Contract Bids.

By order of the Board of County Commissioners, I will receive and open proposals for the rendering of medical aid, together with medicines, to the indigent sick of Lincoln County at Pioche and at DeLamar (in separate bids for each place) up to the 1st day of February, 1897; such services and medicines to be rendered and furnished for the year 1897.

The said Board reserves the right to reject any and all bids. The successful bidders will be required to give bonds in the amount specified by the Board on acceptance of bids.

H. J. GOODRICH, County Clerk and Ex-Officio Clerk of the Board of County Commissioners.
